DETAILED ACTION

Allowable Subject Matter

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: The amendment to claim 7 filed on July 2, 2004 is sufficient to overcome the prior art and place the application in condition for allowance, essentially for the reasons set forth by applicant in the accompanying remarks. There is no suggestion of a device as claimed where the displaceable writing medium is directly touchable by a user. This overcomes the prior art cited in the prior rejection, as well as other known magnetic display devices or covered "finger painting" toys. Also, applicant's arguments concerning the inadvisability of providing a scent which encourages ingesting the writing medium are well taken.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
